PLEASE NOTE: Because of time and budget constraints, we are only able to update our county flyers periodically. Individual tables are updated on a more frequent basis. You can call us if you'd like the most current information for a particular county. The Annual Averages for County Employment By Industry are updated annually, usually in June. The Top Employers are updated annually. Per Capita Income statewide is usually released late spring. Population data for Montana is released in late December and county data in March. The Annual Average Labor Force information is benchmarked annually and numbers available before March. The other tables contain Census information and will be updated every 10 years. You can also look for more current information on our website listed on the front of this publication.
